

CAMPUS MASTER PLAN

University of Dayton

Focus Group

Focus Group 4 Athletics, Recreation

Ten individuals from the Athletics and Recreation departments met with Burt Hill on February 6, 2007 to respond to questions regarding the UD campus, and to discuss issues relating to the campus master plan. Through a visual listening exercise, the group identified what they liked and disliked about campus, and what they thought should be addressed in the future.

Some of the topics that were addressed by this group were:

- Stuart Field condition and use
- Multi-use outdoor recreation facility
- Pedestrian circulation between campus and athletic complex
- Recreation/practice space for intramurals, club sports, etc.
- Outdoor facilities for tennis, basketball, etc.
