

CAMPUS MASTER PLAN

University of Dayton

Consultant Update - Woolpert, Inc.

July 27, 2007

Woolpert is working with the UD Campus Master Plan team to ensure that campus and its surrounding communities continue to be sufficiently serviced by the existing infrastructure. Woolpert is using its existing knowledge of Dayton and the UD campus to study the impact each master planning strategy will have on existing services of the area surrounding UD. Woolpert will ultimately provide recommendations for future transportation and infrastructure planning.
